We are celebrating the 20th anniversary of the Institute of Internal Auditors Estonia with our international annual conference. On the first day of the annual conference, we are taking a courageous aim at the future. With the help of experts and practitioners of the business, we will discuss the possible future scenarios of Estonia up to year 2035. The second day of the conference offers an exciting exploratory trip on the trail of future internal auditors, where experts and opinion leaders from home and abroad will use their compasses to offer guidance.
